

Commercial Automobile Policy

A commercial automobile accident can affect your business. It is more than just inconvenient — it could have serious consequences. That is why Companion Property & Casualty offers commercial auto coverage with a variety of options to protect your vehicles — and your business.

Coverage Options

In addition to liability coverage for your owned automobiles, we provide much more.

- Physical damage coverage offers comprehensive and collision coverage for damage to owned autos and is available with a wide range of deductible options.
- Uninsured and underinsured liability coverage provides protection for accidents involving your insured vehicle and an uninsured or underinsured motorist.
- Medical payments coverage pays for medical expenses, without regard to fault, when someone gets hurt in one of your insured vehicles. In some states this is provided under Personal Injury Protection (PIP).
- Non-owned auto liability covers your business use of non-owned autos.
- Hired auto liability gives you protection for autos you may hire or rent.
- Rental reimbursement protection covers the cost of a rental automobile when an accident disables an owned vehicle.

Miles Ahead of the Rest

We are committed to offering you exceptional service. Our service begins at home with your local agent — someone you know and trust — and continues with the friendly professionals at Companion Property & Casualty. If and when you have a claim, just call or fax us toll free 24 hours a day and we'll immediately go to work, even on weekends and holidays. Our prompt response to auto damages guarantees that you get your vehicle repaired as quickly as possible and at the lowest cost possible.
